

Grants / Bursaries

Name	ESTIV Bursary
Donor	European Society of Toxicology <i>In Vitro</i>
Description	ESTIV awards a total of five bursaries of 500 Euro for PhD-students and young scientists with no more than five years experience. This bursary is applicable to all students and young scientists presenting their research work at the ESTIV2016 congress.
How to apply	A letter of motivation together with a <i>Curriculum Vitae</i> (including a list of publications) and a supporting letter from the supervisor/head of department should be sent electronically to Mathieu Vinken (mvinken@vub.ac.be).
Deadline	June 5, 2016
Name	BEMF Bursary
Donor	The Björn Ekwall Memorial Foundation
Description	The Björn Ekwall Memorial Foundation (BEMF) will provide two stipends, 500 EUR each, for PhD students who participate in the ESTIV 2016 Congress and have an oral or a poster presentation in the field of cell toxicology and alternative methodology to animal experiments. The stipends are meant to cover, at least partially the costs of the congress, and thus help the participation of promising PhD students.
How to apply	Send a copy of the abstract and the application (free format) with a short CV to BEMF to Prof. Hanna Tähti, University of Tampere, Finland, e-mail: hanna.tahti@uta.fi
Deadline	June 10, 2016
Name	SFT Bursary
Donor	Société Française de Toxicologie
Description	SFT awards a total of two bursaries of 750 Euro for researchers less than 30 . This bursary is applicable to all young scientists presenting their research work at the ESTIV2016 congress (http://www.sftox.com)
How to apply	A short CV is required as well as a recommendation from the PhD supervisor or laboratory director, a copy of the abstract of the presentation (oral or poster) and the acceptance of the presentation by the organization of the congress. Send the file to Viviane DAMBOISE Société Française de Toxicologie, Hôpital Fernand Widal, 200 rue du Faubourg Saint Denis, 75475 Paris cedex 10. E-mail: sft.secretariat@gmail.com
Deadline	July 31, 2016
Name	SPTC Travel award
Donor	Société Française de Pharmacologie-Toxicologie Cellulaire (SPTC)
Description	SPTC awards a total of five bursaries of 500 Euros for PhD-students and young scientists with no more than five years after completing their PhDs. This bursary is applicable to all students and young scientists presenting their research work at the ESTIV2016 congress.
How to apply	One page CV, copy of the abstract sent for the ESTIV congress and copy of the notification of acceptance by the ESTIV and a budget including travel, accommodation and registration. E-mail: muriel.berthault@u-psud.fr .

Deadline	August 31st 2016
