

## **ESTIV 2106 Practical Training Course In Vitro Methods for Dermal, Ocular, Lung, Hepatic & Developmental Toxicity Testing**

**Day 1 – Theoretical part - Thursday, October 20, 2016**

**Convention Center – Room Fitzgerald**

- 13:00 - 14:00**            **Registration for the workshop (Convention Center Juan-les-Pins)**
- 14:00 - 14:30**            **Introduction & Welcome**  
Isabelle Leconte, SFT/Bayer SAS, Sophia Antipolis, France  
Chantra Eskes, ESTIV/SeCAM, Switzerland
- 14:30 - 15:15**            **Skin Irritation and Corrosion Testing *In Vitro* – Reconstructed Human Epidermis Models**        EPISKIN Academy, France
- 15:15 - 16:00**            **Eye Irritation Testing – Reconstructed Human Corneal Models**  
EPISKIN Academy, France
- 16:00 - 16:30**            **Coffee break**
- 16:30 - 17:15**            **Hepatic toxicity testing**  
Biopredic, France
- 17:15 - 18:00**            **Respiratory toxicity testing**  
Epithelix, Switzerland

**18:00 - 18:45**      **Embryonic Stem Cell Test (EST): a valuable screening tool in preclinical developmental toxicity assessment**  
InSphero, Switzerland

**19 :00**            **End of day 1**

**Friday October 21, 2016**

**Day 2 – Practical training - Friday, October 21, 2016**

**BAYER – Sophia-Antipolis**

**08:30 - 10:30**      **Practical training block 1**  
**Reconstructed Human Epidermis and Corneal Models**  
EPISKIN Academy, France

**10:30 - 11:00**      **Coffee break**

**11:00 - 12:00**      **Practical training block 2**  
**Hepatic toxicity testing**  
Biopredic, France

**12:00 - 13:00**      **Lunch break**

**13:00 - 15:00**      **Practical training block 3**  
**Respiratory toxicity testing**  
Epithelix, Switzerland

**15:00 - 16:00**      **Discussion**

**Closing of the ESTIV 2016 Practical Training Course**
